Full Artwork upload terms
By uploading artwork, you confirm that:

1. **It's yours to use.** You own the artwork, or have the owner's permission to have it redrawn and changed, and it doesn't copy anyone else's copyright work.
2. **It's not someone else's brand.** It isn't copied from another business's logo, trade mark or design.
3. **You'll check it before you rely on it.** We don't check whether your logo is free to use or can be registered as a trade mark. We recommend searching IPONZ's free Trade Mark Check first.
4. **AI logos come with limits.** Who owns an AI-generated image is legally uncertain, and AI tools can produce designs similar to existing ones. We can't guarantee your artwork is completely original, or that you'll be able to protect or register it.
5. **You'll cover any claims.** If anyone makes a claim that the artwork you supplied infringes their rights, you agree to be responsible for it and to cover any costs Kellski Creative incurs as a result.
6. **We can say no.** We may decline any job we believe uses someone else's work.
7. **Your files stay private.** We use your files only for your job, in line with our Privacy Policy, and won't show your work publicly without your permission.
